Flood Mitigation Specialist (Term 1.5 year)

Division: Agriculture Services & Economic Division
Unit: Economic Development
Location: Moose Jaw, SK
Hourly Wage: $41.29- $51.64 (Classification 9)
Competition Number: WSA-07-2026/27

Are you motivated by doing meaningful work and being part of an organization committed to learning and growth? Join our team as a **Flood Mitigation Specialist** and help advance flood and drought resilience across Saskatchewan.

Reporting to the Manager, Economic Development, the successful candidate will provide technical expertise and extension for WSA flood mapping initiatives, flood and drought mitigation projects, and water-related hazard identification and risk assessment studies.

This role applies specialized knowledge in survey planning, data management, GIS applications, computer modeling, and stakeholder outreach to support informed decision-making and effective water management. The position involves supporting complex, long-term projects and contributing to the development and implementation of ongoing programs and initiatives.

Strong analytical, communication, and technical writing skills are essential for success in this role, including the ability to develop presentations, information materials, reports, policies, and protocols and collaborate effectively with internal teams, government agencies, stakeholders, and the public.

The successful candidate will have a degree in Natural Sciences, Engineering, Public Administration, Environmental Studies, Engineering Technology, or a related field, or an equivalent combination of education and experience.

Candidates must be eligible for certification with Technology Professionals Saskatchewan (SASTT) as an Associate Member or membership to the Association of Professional Engineers and Geoscientists of Saskatchewan (APEGS) or a membership to Saskatchewan Institute of Agrologist (SIA).

This role is subject to a satisfactory criminal record check.
