It is an offence under section 84(1) of *The Environmental Management and Protection Act, 2010 (EMPA)* to knowingly provide false or misleading information when notifying for use of an accepted environmental protection plan.

In support of this notification, I certify that:

- I have attached pre-construction site photos clearly showing the proposed work area.
- I am the legal landowner of the property where the proposed project will occur, or I have the landowner's consent to undertake this project.
- I verified on the Saskatchewan Conservation Data Center online platform HABISask that species at risk with applicable activity restrictions have not been documented at the worksite, or I contacted the Water Security Agency (WSA) at 866.727.5420 for guidance if self-screening could not be performed or if a threatened or endangered species was identified on HABISask.

By submitting this notification to WSA:

I confirm that all data and information submitted are truthful and accurate and meet the requirements of the EPP.

I request, in accordance with subsection 26(2) of EMPA, that the requirement for a permit imposed pursuant to subsection 6(1) of *The Environmental Management and Protection (General) Regulations* be waived.

I commit to complying with the eligibility requirements and conditions as outlined in the EPP.

I acknowledge that this waiver does not release me from the responsibility of obtaining any other approvals that may be required under federal, provincial or municipal legislation.

Please submit the completed notification form and pre-construction photos to ahpp@wsask.ca.
