Part 4: Aquatic Habitat Protection

Please check any/all applicable boxes:

☐	I understand that I must obtain an Aquatic Habitat Protection Permit BEFORE doing any work in the bed, bank, or boundary of a waterbody or watercourse.
☐	I reviewed the information in Shoreline Stabilization Environmental Protection Plan and submitted the required notification form and before photos of the site at least 14 days in advance of the shoreline protection project.
☐	The proposed shoreline protection project was or will be completed under Aquatic Habitat Protection Permit #_____.
☐	I completed the project prior to submitting the required notification form, so I have completed and attached the notification form to this application.

Part 5: Photos

Photos of the project area should be taken before any work is done and after the work is completed. These photos should be a clear representation of the overall project area and the scope of the project work. However, a photo showing each aspect of the area and work completed is not necessary.

If the work has not yet begun, current photos of the project area must accompany this application and photos of the area after project completion will be submitted with final paid invoices once the project is completed.

If the work has already been completed and before photos are unavailable, please ensure that photos of the completed project accompany this application.

Part 6: Certification

I understand that I am solely responsible for ensuring that all relevant approvals, licences or authorizations required under municipal, provincial or federal legislation are in place prior to work being undertaken. I understand that I am also responsible for ensuring that I have any required approval, consent or permission of affected landowners required to access the site of the work.

I certify the information provided on this form to be true and that the submitted expenditure is for shoreline protection in an area that is excluded from on the existing Fishing Lake berms. I acknowledge that a false statement may be grounds for repayment of any grants and/or rebates made under this fund and that this submission may be audited, which may include, but not be limited to, project site inspections by Water Security Agency (WSA) staff or consultants hired by WSA and/or the submission of additional documentation. I understand that information collected will be used and disclosed in accordance with *The Freedom of Information and Protection of Privacy Act*. I acknowledge that WSA is providing the grant and/or rebate solely as financial support and shall not be liable for any claims arising out of or in any way related to activities completed under the Fishing Lake Berm Fund. I verify that I am a signatory for the applying organization.
